Practical Wildlife Management Information

How much time and money do you spend managing for wildlife on your property?

Think about the amount of money you spend on Wildlife Management. Food plots, tree planting, predator control, fertilizing and liming, soil tests, invasive weed control, pond stocking, timber thinning, dove fields, and the list goes on and on.

Subscribe to *Wildlife Trends Journal* and let us show you how to avoid the cost of “trial and error” management. Our list of noted wildlife biologists and land managers write articles specifically for you, the land owner, **to maximize the wildlife potential of your property.**

With your **\$125 subscription** you will receive:

- A handsome library binder filled with **two years of hard copy back issues**
- Six bi-monthly issues in the upcoming year
- **Password access to additional back issues** on our website with articles dating back to 2007

To subscribe, visit our website at www.wildlifetrends.com or call us at **800-441-6826**.
